Professional Summary

Full-Stack Software Engineer skilled in Python, JavaScript, React, SQL, REST APIs, and Git, focused on building clean and scalable web applications.

Technical Skills

Languages: Python, JavaScript, C, C++, SQL, HTML, CSS

Frontend: React, Next.js, React Native, Tailwind CSS, Vanilla JavaScript

Backend: Node.js, Express.js, Django, REST APIs

Databases: MongoDB, PostgreSQL

Tools & Platforms: Git, GitHub, Vercel, Render

Core: Full-Stack Development, API Integration, Authentication, Database Management

Professional Experience

Freelance

2022 – 2023

Full-Stack Developer

- Developed responsive web applications across frontend and backend systems.
- Built features using Python, JavaScript, React, SQL, and REST APIs.
- Designed and integrated backend APIs with database-driven applications.
- Used Git and GitHub for version control and collaborative development.
- Translated requirements into clean, maintainable, and user-focused solutions.

Tuition Centre

2024 – 2025

Teaching Assistant

- Assisted students with mathematics, programming, computer science, and technical coursework.
- Explained mathematical and programming concepts using clear, practical examples.
- Helped students solve problems, troubleshoot code, and improve logical thinking.
- Prepared learning materials and supported classroom activities.
- Strengthened communication, mentoring, and teaching skills.

Projects

Verse-Hana

- Developed a full-stack music platform for music discovery and user engagement.
- Built frontend and backend features with REST APIs and database integration.
- Implemented authentication and user-focused functionality.
- Developed an admin panel for managing platform content and data.

Anpadd

- Developed an e-learning platform for browsing and accessing online courses.
- Integrated digital books and blogs to provide diverse learning resources.
- Built user and admin panels for content access and platform management.
- Designed a responsive and user-friendly interface for seamless learning.

Portfolio Website

- Developed a modern developer portfolio showcasing skills, experience, projects, and blog content.
- Built an interactive and responsive UI with smooth navigation and theme switching.
- Added dynamic sections for featured projects, experience, resume, and social links.
- Focused on clean design, accessibility, responsiveness, and maintainable code.

Education

Purbanchal University

2026

Bachelor of Engineering (BE) in Computer

Additional Information

Professional Interests: Full-Stack Development, Backend Engineering, Web Technologies, Software Architecture, API Development, AI/ML Integration, Block Chain
